"Green and clean" is our motto. Lakeside Campground sits on 10 acres and has 120 spaces with lawn at every site. Almost all of our sites offer shade from our many Cottonwood, Maple and Willow trees. Don't let our trees discourage you if you have a "high profile RV." We keep our trees trimmed for you too!

The beautiful surroundings of the Provo River and the landscape are difficult to beat. Whatever you like to do, we are a great base camp for you. Enjoy boating at Utah Lake. Take a swim in our pool. Try your luck at fishing in the river. Explore the nearby Provo River Trail. Go sight-seeing, we are happy to make recommendations for wonderful things to do in our beautiful valley. (We are also a great location for some good old rest and relaxation.) Our store is stocked with a variety of goods. If you forget something, chances are we probably carry it - or a close substitute. Cold drinks, ice, snacks, RV supplies, fishing supplies, and souvenirs are all available
